

Cathing and Bowel Program

If your child is on a bowel program and will need to complete this on Sunday, please do this **BEFORE** you come to camp on Sunday! Nurses will be busy with preparing for the weeks medications after check-in and will need this time to prepare.

Please also note: We will schedule set cathing times during camp. We will adjust the schedule if needed, but know that we will be asking campers to cath at least 6 times a day. (When campers wake up, 10:00AM, 1:30PM, 4:30PM, 7:15, and Bedtime). Please be sure that your camper brings enough catheters as well as extras in case they are lost or dropped at any time at camp.

Camp Twin Lakes is on well water. If your camper will need distilled water for any medical needs, please send this with your child.

Thanks for your cooperation. We look forward to seeing you at camp!
